

Webmaster's Report

I've kept the front page up to date with the current news and event

The welcome page now includes a link to the Priddy Rainfall Gauge in the weather section. This can be useful to give an idea of how wet your trip might be. The page provides links through to give the water levels at the Cheddar and Wookey risings.

The weather section has link to the Met Office forecast. It also will show any weather warnings that might be in place for the CSCC area.
