Anchor Placement Request Sheet

Please give as much detail as possible, diagrams often provide far more information for placements, please provide this in an electronic format along with this form.. The information below will be posted onto the CSCC website.

Name of Cave or Mine	Rhino Rift	Area	Pitch 4
Approximate number of anchors	2 P-Bolts		
Purpose of Anchors			
To Allow safe rigging of ladder & line for 4th Pitch			
Suggested positions for anchor(s), please include images as files listed below			
Slightly before head of pitch, on right hand wall, near existing spit (approx 45 years old)			
File name(s) of image(s)			
Justification for Request			
Please give a reasons why you think anchors should be placed where requested.			
Two spits are currently in place, approximate age of 45 years. A home made hanger is in place, approximate age 14 years. Mendip Underground describes the natural protection as "psychological". Discussed with Chris Binding.			
Person Requesting the anchor(s)	Matty Dredge	Date	26/1/25
Name of Member Club (if applicable)	MCC		

When complete please email to the CSCC equipment and conservation officers.
